A WEBLYTICA CO-BUILDING OFFER

The AI Opportunity Audit

Where could AI actually save you time this quarter? We walk your business with you, find the work AI can take on, and **leave you with a ranked roadmap you can act on,** whether you build with us or on your own.

HOW THE OFFER WORKS

1 Map Where the Time Goes
We sit down with you and walk the week: what you do, what your team does, and which tasks repeat.

2 See What You Already Own
We inventory the AI already inside the software you pay for today. Most owners are surprised how much is there.

3 Rank the Opportunities
Each candidate gets scored for time saved and ease of setup, so the quick wins rise to the top.

4 Leave With a Roadmap
You get a plain-English plan: what to do first, what to skip, and what each step will take.

WHERE WE LOOK

Front Office

- Sales follow-ups, quotes, and proposals
- Email, scheduling, and customer questions
- Marketing content and social posts

Where most owners find their first win.

Back Office

- Reports, summaries, and bookkeeping notes
- Standard procedures and onboarding
- Research, data entry, and lookups

Where the quiet hours disappear.

WHAT YOU WALK AWAY WITH

- ✓ A ranked roadmap of AI opportunities in your business
- ✓ A clear read on the AI you already pay for
- ✓ Quick wins you can start the same week
- ✓ No new subscriptions and nothing to buy

HOW SESSIONS WORK

One or two live sessions over screen share, then we deliver the roadmap and walk you through it. **You see exactly how we found each opportunity,** so the thinking stays with you. No technical background required.

Ready to Find Your AI Wins?

We build with you, not for you.
