A WEBLYTICA CO-BUILDING OFFER

Become a Claude Super User

Most people type a question into Claude and stop there. Super users give Claude their context, their tools, and their way of working. **We coach you from casual user to confident operator,** one live session at a time.

HOW THE OFFER WORKS

1 Learn the Foundations
How Claude thinks, how to write prompts that work the first time, and where projects and memory fit in.

2 Connect Your Business
We hook Claude up to the tools you already use, so it can read your documents, email, and calendar when you ask.

3 Build Your Toolkit
Projects for each part of your business, plus skills and templates so repeat work comes out your way every time.

4 Make It a Daily Habit
You leave each session with real work done and a routine that keeps Claude in your day, not on the shelf.

WHAT YOU WILL MASTER

Everyday Work

- Emails, proposals, and documents drafted in your voice
- Meetings summarized into decisions and next steps
- Research and first drafts that used to take an afternoon

Small wins you feel in week one.

Power User Moves

- Projects and memory that keep Claude up to speed on your business
- Connectors that put your real data behind every answer
- Skills that turn your best process into a repeatable playbook

The setup most users never discover.

WHAT YOU WALK AWAY WITH

- ✓ A Claude setup built around your business, not a generic account
- ✓ Hours back every week from work Claude now does with you
- ✓ The confidence to hand Claude real work and trust the result
- ✓ Habits and know-how you keep long after the sessions end

HOW SESSIONS WORK

Live one-on-one working sessions over screen share, using your real work, not canned examples. **You drive the keyboard, we guide the way,** so every technique sticks. No technical background required.

Ready to Become a Super User?

We build with you, not for you.
